

Buy-ins historical data available on our website www.lchclearnet.com

LCH.Clearnet has developed a special webpage dedicated to buy-ins on the equities market. Indeed, LCH.Clearnet repurchase each day the securities named on the webpage (equities, right, coupon...) for immediate delivery. A summary table contains a brief description of the securities such as the name, quantity, price, and date, which refers to the buy-in positions triggered the day before.

In order to continue to offer services that fit our customers' needs, LCH.Clearnet has enhanced this function by installing a new tool available on our website www.lchclearnet.com. By clicking on the following link http://www.lchclearnet.com/cash_equities/sa/buy_in.asp, you will access the buy-ins data of the day (which securities will be repurchased as well as their price). Furthermore, the new functionality will provide you with all the buy-ins information. You can either download each day's data or download all buy-ins historical data.

This improvement has been called for by several clients so as to study the interest of providing securities on a regular basis.

Should you require further information, please do not hesitate to contact your account manager or Arielle Combes, Head of Customer Relationship Management (arielle.combes@lchclearnet.com).
